Kashmel Agro, J&K

About Conference

The objective of this conference is to establish a unified platform for clinical and Ayurvedic research, as well as for exploring the pharmacology and clinical applications of natural products and complementary medicines. The conference will emphasize evidence-based practices, safety and quality control, drug interactions, and regulatory matters. The platform will enable healthcare professionals, scientists, physicians, and students to exchange their knowledge and experiences, and generate substantial evidence for regulatory approval.

Thrust Area

1. Overview of different Traditional system of medicines AYUSH and Traditional Tibetan medicine.
2. Evidence based practice of Traditional Medicines
3. Research issues in Traditional medicine
4. Pharmacological aspects of Natural products
5. Quality and Safety assurance of Ethno medicines
6. How to conduct clinical trials for alternative medicines (CAM)
7. Overview of Herbovigilance

Call for Abstract

We cordially invite scientists, academicians, students, research scholars, and industry professionals who work with natural products to participate in the conference and share their research findings. Participants are encouraged to present their research through an oral presentation.

We strongly encourage participants who wish to present their research to submit an abstract. The abstract should include the title of the research, author details, affiliation, and email-ID, and should not exceed 250 words.

For oral presentations, please ensure your PowerPoint presentation has 6-8 slides. You will be given 6 minutes to present your research and an additional 2 minutes for questions and discussion.

Venue

**Lecture Theater 1,
Nehru Hospital,
PGIMER, Chandigarh**
